

Travel Information Match 3 WYAL

Car parking for this venue is in Rawlinson Road opposite the Aldershot Garrison Sports Centre (car park 6 on the attached map). Turn into Prince's Avenue at the traffic lights on the junction of Queen's Avenue and Prince's Avenue. Follow Prince's Avenue until you have to turn left at the military road block. The entrance to the car park is on the left opposite the Sports Centre. The post code for the Sports Centre is GU11 2LQ.

After leaving the car follow the footpath from the Sports Centre towards the Stadium. The footpath comes out adjacent to the stadium entrance. The track surface at Aldershot is a Mondo surface. The maximum allowable spike size on this surface is 6mm for all track and field events including high jump and javelin. Evidence from the manufacturer is that there is no advantage in any events from wearing a spike length longer than 6mm but that wearing longer spikes may damage the surface. Please ask all your athletes to conform with this regulation.

IMPORTANT

Because this is a military establishment please note the following regulations which should be cascaded out to ALL attendees:

There is a strict no photography policy within the bounds of the stadium. This includes photographs taken on mobile phones.

No dogs (except guide dogs) are allowed within the stadium.

There is no smoking in the stadium.

All visitors are required to read the government's RUN, HIDE, TELL policy (attached) with respect to a terrorist attack. Please bring this to the attention of all visitors of sufficient maturity.

Attendees are requested not to bring excess bags into the stadium. Leave them at home or out of sight in a car. Bag searches may be implemented.
